Own Your Home

Supporting Our Units That Call Resica Falls Home

From the heart of Philadelphia to as far west as Oklahoma, we're proud that units from across the country call Resica Falls their home camp. We're excited to show our support to the units that have supported us year after year. The Own Your Home program is designed to help our most loyal units experience the best camp has to offer. Own Your Home consists of 3 parts:

Recognize Your Own

We know that unit leaders are the glue that keeps units together. Units in the Own Your Home program will receive an additional free leader during their week in camp in 2027. Use this spot to recognize a leader in your unit that goes above and beyond!

Make It Yours

While we can all agree that summer camp is an amazing experience, there is always room for improvement. In 2027, we'll be focusing on upgrading a key part of the summer camp experience. The campsite is truely the heart of camp and serves as your home away from home during your stay in camp. $10 of each Own Your Home program participant's camp fee will be used to expand the number of campsites with electicity and improve other in-site amenities.

Call It Home

Help your scouts get comfortable calling camp home. Units participating in the Own Your Home program are invited to join us in camp for a free weekend of tent camping in the spring of 2027. Our campmasters will be happy to provide tours of camp and answer any of your questions. Bring your Webelos crossovers for this free weekend of camping to help them get more familiar with Resica Falls.

To participate in the Own Your Home program, your unit must have participated in summer camp at Resica Falls in 2026 and register for the 2027 summer by December 15, 2026.
